Where do I put my Garbage Can?

Please remember that your garbage cart must be accessible 18 inches from the curb. Your clean driveway approach may be the best option during heavy snow times. Please do not place your cart on city streets or in the alleys. City snowplows cannot clear snow properly when carts are placed on city streets. Point the cart wheels and the handle facing your home. Make sure your container is at least three feet from other containers, parked cars, mailbox posts, etc. Close lid, grasp container handles firmly with both hands and wheel the container to the curb.
